

CHARLIE VOID JOINS FORCES WITH PATRIC VAN BLERK FOR HIGH-FASHION POP SINGLE VELVET RUNWAY

THE SOUTH AFRICAN ARTIST, SONGWRITER, PRODUCER AND PERFORMER UNVEILS A BOLD COLLISION OF DANCE-POP, FASHION AND PERFORMANCE ART.

CAPE TOWN — Updated 21 September 2026 — South African pop artist Charlie Void released his new single, Velvet Runway, worldwide on 18 September 2026. Streaming and download links are available now.

Written, performed and produced by Charlie Void, Velvet Runway is a polished, high-concept dance-pop record with a retro-pop edge and a distinctly contemporary finish. Fashion, photography, character and performance are built into the project from the ground up, creating a visual world as deliberate as the music itself.

The release also sees Void working with veteran South African songwriter and publisher Patric van Blerk through Silversongs (Pty) Ltd / PvB Music, with publishing administration and sync representation for Velvet Runway through Downtown Music Publishing Africa, formerly Sheer Publishing Africa, connecting the single to Downtown's global publishing infrastructure and the wider Virgin Music Group ecosystem.

“I want pop to feel like an event again — something you don't only hear, but see, wear and experience.”

— CHARLIE VOID

With Velvet Runway, Charlie Void brings together mainstream dance-pop, high fashion and avant-garde performance art in a bold new chapter for South African pop.

Velvet Runway was released worldwide on 18 September 2026.
